Once you start paying your billing, your age rating will stay the same until the billing on or following your next birthday. The bill you receive that month will indicate your move to the next age and rate. Otherwise, your rate can only be increased if the rate is increased for all other TRH Supplement customers with the same plan and age as yourself. Since rates are determined by the cost of benefits for TRH Medicare Supplement customers, the rates shown here could change. You will receive a 30-day advance notice of any change in your rate.
